General Secretary

7th September 2020

Shri Bandi Sanjay Kumar
Hon'ble Member of Parliament
Karimnagar Constituency &
President, Bharatiya Janata Party
Telangana State

Respected Sir,

We would like to introduce ourselves that we are the Bank retirees of all the banks situated in the State of Telangana under the banner of "Telangana Bank Retirees' Federation (TBRF)" with more than 5000 members representing all cadres. .

We are affiliated to All India Bank Retirees Federation (AIBRF), the single largest retiree organisation with more than 2.50 lakh Retirees of all banks across the country. The aim of the organisation is to take care of welfare and to discuss the issues of the retirees with the respective Bank managements / Indian Banks' Association (IBA) / Government of India and find out a solution for the issues.

Sir, you are aware that Banks are playing an important role in economic development of the country with special focus on rural areas and the contribution of the employees is immense. We, the retirees also had played a vital role in this regard while we were in service.

As per the pension regulations approved by the Central Govt / Banks, the bank retirees are expected to get legitimate pension in post retirement life. Further, the pension regulation 1993 clearly states that the pension of the bank retirees is to be updated as and when wages of serving employees are enhanced / revised.

In this regard, we wish to bring to your kind notice that there is no revision of pension of bank retirees since last 27 years. The updation/revision of pension has no bearing on Government or Budgetary allocations as pension payments are being met out of Pension Fund contributed by the employees while in service. In spite of many representations by our apex body "All India Bank Retirees Federation (AIBRF)", our demand for Updation of pension is still not considered by IBA/Govt of India.

It is a fact that Central and State Governments have been revising the pension of the retirees as and when revision of wages takes pace for the working employees. Recently, Govt of India had approved Updation of pension to retirees of RBI and NABARD and we are only left out in the banking industry.

In this context, we humbly request your good offices to take up Bank retiree's genuine demand of updation of pension with the Ministry of Finance and help us in resolving the long pending issue for which the entire bank pensioner community will be ever grateful and thankful to you and the Government of India.

Thanking You,

Yours faithfully,

A. Rajendra Prasad
